

Maximize Your Oracle Investment on AWS

TekStream's Oracle License Optimization Assessment Ensures Optimal Cost and Performance on AWS

Oracle licensing can be complex and if you don't stay on top of your status, you may be faced with Oracle audits, non-compliance, or simply over-paying for something that is not returning value. TekStream helps you get the most out of your Oracle investment - whether you're planning to run on and/or running on AWS with our Oracle License Optimization Assessment.

The experts at TekStream will work with you to assess your current Oracle environment and make optimization recommendations which will save you money and improve performance while staying in Oracle compliance.

AWS Migration Funding Opportunities

AWS is now offering exciting new funding programs to cover many of the costs of migrating workloads to the cloud. TekStream can outline the wide variety of AWS funding programs available to help move Oracle workloads to AWS including free consulting services, free AWS credits, and options for you to take advantage of most cost-effective AWS-native solution options for some or all of your Oracle workloads.

The MAP and MAP Lite funding programs are available to help reduce or totally cover the costs for both large and small migrations. Here is an overview of the programs. Contact TekStream for more details.

| Program | ASSESS | MOBILIZE | MIGRATE & MODERNIZE |
|--|---|--|---|
| Large Migrations MAP \$500K+ Annual Recurring Revenue (ARR) | Up to \$60K cash for TS delivered Assessment | \$1:\$1 match on Mobilize Project Plan, up to 40% of post migration ARR (max of \$400K) in cash | Up to 25% of post migration ARR in cash or credits |
| MAP Lite < \$500K Annual Recurring Revenue (ARR) | Up to \$15K cash for TS delivered Assessment | \$1:\$1 match on Mobilize Project Plan, up to 20% of post migration ARR in cash | Up to 15% of post migration ARR in cash or credits |

The TekStream Difference

As a trusted and certified partner of both AWS and Oracle, TekStream has deep experience helping companies of all sizes navigate the intricacies of Oracle licensing and compliance especially when running in non-Oracle Cloud environments. Our team of proven consultants hail from diverse backgrounds, including operations, security, development, and consulting.

Proven Experience

Our team of seasoned professionals has proven experience and close partnerships with Oracle and AWS technology and licensing.

Focus on License Compliance

We give you confidence that your Oracle license is in compliance and we will identify areas of potential non-compliance risk.

License Costs Optimization

Gain peace of mind that you aren't overpaying for your Oracle license. We'll work with you to determine a licensing plan built to meet your specific needs and eliminate licenses that aren't needed.

Our Assessment Process

- 1** Our team of seasoned AWS and Oracle professionals work with you to conduct an audit of your current AWS and Oracle infrastructure.
- 2** The TekStream team of Licensing and Oracle Application and Database experts will develop an optimization plan tailored to your environment and relationship with Oracle.
- 3** We will offer you a pathway to take advantage of AWS purpose-built databases such as Aurora, DynamoDB, Redshift, and more to improve your return on investment.

Assessment Deliverables

-  **Oracle License Tracking Spreadsheet** - Detailed spreadsheet to help you maintain Oracle license compliance and monitor support costs.
-  **Oracle Support Cost Analysis Spreadsheet** - Detailed comparison of what you pay to Oracle in support verses market rates.
-  **AWS Deployment Design** – Customized roadmap outlining the best way to deploy your Oracle environment on AWS.

TekStream Assessment Clients Save an Average 30% Off Current Oracle Support Renewal Rates.
